BOARD of REGENTS

MAY, 2009

Appendix A – ACT 1202 of 2001

Appendix B – Student Retention/Persistence Reports (BRPRG06AYR, 2003-2007 FTF Cohort)

Appendix C – Completer Reports (CMPL6CFYR, CMPL6CTRY: 2000-2002 FTF Cohort, Bacc & ≤Assoc)

## ***TOPS: Taylor Opportunity Program for Students***

The Taylor Opportunity Program for Students (TOPS), Louisiana's comprehensive, merit-based student aid program, was initiated with the incoming freshman class of Fall 1998. Although the founding legislation does not directly document the goals of the program, four generally accepted purposes of TOPS are:

- To promote academic success by requiring completion of a rigorous high school core curriculum;
- To provide financial incentives as a reward for good academic performance;
- To keep Louisiana's best and brightest in the state to pursue postsecondary educational opportunities; and
- To promote access to and success in postsecondary education.

TOPS includes three levels of awards for students enrolling at Louisiana's colleges and universities: Opportunity, Performance, and Honors. The criteria for eligibility include completion of a defined high school core curriculum, with a minimum grade point average on the core and a minimum ACT composite score. Table 1 lists current criteria and awards.

Table 1: TOPS Eligibility Criteria & Value, 2009

<b>AWARD</b>	<b>Core</b>	<b>Core GPA</b>	<b>ACT</b>	<b>Award Specifics</b>	<b>Duration*</b>
<i>Opportunity</i>	17.5 Units	2.50	20	Tuition	4 Years
<i>Performance</i>	17.5 Units	3.00	23	Tuition + \$400/year	4 Years
<i>Honors</i>	17.5 Units	3.00	27	Tuition + \$800/year	4 Years

\* 4 Years, or 8 semesters.

To maintain eligibility, TOPS recipients must be continuously enrolled as full-time students, earn at least 24 hours of credit each academic year (Fall and Spring), and maintain academic progress as demonstrated by the cumulative grade point average. Table 2 lists the minimum renewal requirements for each award.

Table 2: Renewal Requirements

<b>AWARD</b>	<b>Hours Earned per Academic Year (Fall &amp; Spring)</b>	<b>Cumulative GPA, each Academic Year (2.0 each semester/term)</b>	<b>Award Reinstated (Upon Recovery of Required GPA)</b>
<i>Opportunity</i>	24	2.30 – first year 2.50 – subsequent years	Yes
<i>Performance</i>	24	3.00	Yes, as <i>Opportunity</i>
<i>Honors</i>	24	3.00	Yes, as <i>Opportunity</i>

Administration of TOPS is statutorily assigned to the Louisiana Office of Student Financial Assistance (LOSFA). Initial student eligibility is determined using a combination of:

the Free Application for Federal Student Aid (FAFSA) or TOPS On-line Application; the high school transcript from the Department of Education's Student Transcript System (STS); and official ACT scores. Continuing eligibility is determined based on data received from the institution in which the student enrolls.

### **ACT 1202 of 2001**

ACT 1202 of the 2001 Regular Legislative Session charged the Board of Regents with developing a uniform TOPS reporting system for the purposes of policy analysis and program evaluation and to provide accurate data and statistics relative to the program's impact on the state and on students. (Text is included as Appendix A.) ACT 1202 requires a TOPS report, to include:

- Relationship between the high school courses taken and the student's score on the American College Test (ACT).
- Number of high school graduates who are eligible for TOPS and subsequently enroll in college;
- Persistence rates of TOPS students;
- Retention rates of TOPS students, including numbers of and reasons for students losing award eligibility; and
- Graduation data, including rates.

To satisfy the reporting requirements of ACT 1202, Regents' staff developed interfaces between the major systems needed to identify and track TOPS students as they move through the enrollment cycle.

### **TOPS REPORT**

The data in this report include current and historical data on TOPS and non-TOPS students to allow for comparison. It is presented in an order that follows the students' progression through the enrollment process: from preparation, to persistence, to graduation.

It should be noted that most of the data in this report do not include private institutions, because they do not currently participate in Regents' reporting systems. Nor does that data include the Louisiana Technical College (LTC) enrollment, because the LTC did not participate in Regents' reporting systems prior to 2003.

## Preparation

TOPS eligibility requirements encourage students to take high school courses that will prepare them for success after high school, particularly in postsecondary education. The TOPS core curriculum is the key component for eligibility for an award. With the 2001 Master Plan, the Board of Regents adopted the TOPS core as the *Regents' Core*, the most important element of the minimum standards established for admission to the state's public four-year colleges or universities. With this change, students have had a double incentive to complete the college-preparatory curriculum, and it has had a very positive effect on student behavior.

Whether a high school graduate actually attends college with TOPS, the match of the TOPS core and the Regents' core for admission has resulted in a growing number of students completing a college preparatory curriculum, which also makes them better prepared for career advancement. As shown in Table 3, even as the number of high school graduates has decreased (as anticipated by demographic projections), the actual number and percentage of high school graduates completing the TOPS core curriculum has generally been increasing. The percentage completing the core declined with the 2008 graduating class due to increased requirements (i.e., the addition of a 4<sup>th</sup> unit in advanced math or science).

Table 3. HS Graduates and TOPS Core

	2003	2004	2006	2007	2008
HS Graduates	45,057	44,350	40,403	40,763	41,435
With TOPS Core	25,544	26,105	26,356	27,122	25,256
% with Core	57%	59%	65%	67%	61%
Eligible for TOPS	17,713	18,526	18,394	18,503	<i>Not available</i>

Note: Not including LTC.

TOPS Eligibility: LOSFA data

\* TOPS Core changed in 2008: additional Math or Science course required

Students who complete a rigorous curriculum score significantly better on the ACT than those who do not. As a result of the growing number of students who complete the TOPS/Regents' core, the average ACT composite score in Louisiana has improved steadily. The state average ACT for the 2003 graduating class was 19.6; by 2008 the average had increased to 20.3 composite.

## Participation

The majority of TOPS freshmen enroll with an Opportunity Award at a public, four-year institution. Table 4 illustrates the distribution of TOPS awards received by the 2007 entering class (freshmen) and where recipients enrolled.

Table 4. 2007 Entering TOPS Class

TOPS AWARD	
Honors Award	13%
Performance Award	18%
Opportunity Award	69%
INSTITUTION TYPE	
Public 2-year	5%
Public 4-year	95%

For the past three years, over half of the Louisiana residents in the entering fall cohorts of first time, full-time freshmen (FTF) at public postsecondary institutions began college with a TOPS award. The FTF cohort includes students enrolled in postsecondary education for the first time, regardless of age or date of high school graduation.

Table 5. Entering FTF Cohorts

Entering Fall	FTF Cohort	Number from Louisiana	%	Number with TOPS	% (from LA, w/ TOPS)
1998	27,202	25,074	92%	10,610	42%
1999	25,681	23,804	93%	10,376	44%
2000	26,495	24,384	92%	11,137	46%
2001	26,758	24,398	91%	11,607	48%
2002	27,307	24,972	91%	11,913	48%
2003	29,828	26,685	89%	12,270	46%
2004	30,195	26,978	89%	12,630	47%
2005	24,354	21,567	89%	11,669	54%
2006	26,569	24,194	91%	12,731	53%
2007	27,050	24,338	90%	12,372	51%

Note: FTF not including LTC.

As shown in Table 5, from 1998 to 2007, the number of first-time freshmen enrolling with TOPS has increased by 17% (1,762 students). In that same time frame, the TOPS requirements changed, with an increase of the minimum ACT score (from 19 to 20), change in required high school GPA from the *overall* to a *core* GPA, and increase in the number of core courses from 16.5 to 17.5. Even with these increases in eligibility requirements, and recovering from the 2005 setback due to hurricane-driven displacements, TOPS has made a difference: more, better-prepared Louisiana students are enrolling in college with TOPS.

## Persistence

Persistence in postsecondary education is usually measured by the rate at which first time full-time students are retained to their second year. The statewide retention (persistence) rate to the second year for the entering class in fall 1997 (prior to TOPS) returning in fall 1998 was 71.3%. The statewide retention rate for the class entering in fall

2007 and returning in fall 2008 was 75%; among TOPS recipients the state retention rate was 88%, while among non-TOPS students it was 65%.

The Student Retention/Persistence reports in Appendix B identify, by entering fall term and institution, the FTF cohort and second- through sixth-year retention rates for those who began college with TOPS and without a TOPS award (non-TOPS). Table 6 compares the overall retention rate to the second, third, and fourth year (if available) of TOPS students (*whether or not they retained the award*) and non-TOPS students. The data indicate that, in spite of hurricanes like Katrina/Rita that interrupted so many students' planned enrollments in 2005-2006, students who start school with a TOPS award reenroll in subsequent years at a higher rate than non-TOPS students.

Table 6. Retention/Persistence

Fall Semester, Entering Class	% Re-enrolled in Subsequent Years					
	2 <sup>nd</sup> Year		3 <sup>rd</sup> Year		4 <sup>th</sup> Year	
	TOPS	Non-TOPS	TOPS	Non-TOPS	TOPS	Non-TOPS
1999	88%	62%	82%	50%	77%	44%
2001	87%	65%	82%	54%	76%	47%
2003	89%	66%	77% *	43% *	77%	42%
2006	87%	64%	81%	51%	-	-

Note: Not including LTC

\* 2005 Academic Year: Katrina/Rita

### Retention of TOPS Award

Students who receive a TOPS award must maintain minimum academic criteria to retain their award (Table 2). Those who fail to maintain the minimum GPA have their award suspended; if they raise their cumulative GPA to the required level within two years, the award is reinstated. The award is cancelled when students fail to maintain full-time enrollment, earn the required 24 hours of credit, or raise their GPA to the required minimum.

Table 7 shows the percentage of students with TOPS whose award was suspended or cancelled over the course of an academic year. Though approximately 13% of TOPS students lose the award each year, Regents' data indicates that, of the public postsecondary students who lost TOPS over the four-year period from 2004-2007, 77 percent subsequently re-enrolled in a public postsecondary institution (without TOPS) to continue their education.

Table 7. Lost TOPS

Academic Year	TOTAL* TOPS Awards	SUSPENDED: GPA	CANCELLED: Hours Earned	CANCELLED: Other Reason
2004	37,221	16.6%	10.4%	2.9%
2005	37,344	20.8%	6.5%	2.8%
2006	38,568	19.9%	11.8%	3.7%
2007	37,205	18.6%	10.5%	3.5%

\* Public, only: New & Continuing Students. Not including TOPS Tech.

## Graduation

Graduation is usually measured at the rate in which first time entering students earn their academic degrees within 150% of the time required, i.e., within three-years for associate degrees, and six-years for baccalaureate degrees. This 150% protocol for measuring degrees was adopted by the federal government and has become the standard followed by the regions and states. Table 8 displays the percent of TOPS and non-TOPS students who have earned a bachelor's degree within the six academic years, starting with the Fall/1998 entering class.

Table 8: Completers (Baccalaureates)

Entering FALL	% GRADUATING Within 6 Years		
	Total	TOPS	Non-TOPS
1998	35%	58%	19%
1999	37%	59%	21%
2000	37%	58%	20%
2001	37%	57%	20%

Note: Not including LTC

Students who begin college with TOPS consistently graduate at nearly three times the rate of non-TOPS students. The Completers reports in Appendix C list, by institution, the number of TOPS and non-TOPS students in an entering cohort who earned a Baccalaureate degree within six years or an Associate degree (or certificate or diploma) within three years.

To further study program success, Regents and LOSFA identified students in the *TOPS Cohort*—who entered a public college/university in 2000 and 2001 with TOPS awards—who had completed the TOPS program, i.e., who *kept* TOPS (without either suspension or cancellation) *for the full eight semesters*, and who had graduated with a bachelor's degree by 2007-08. This quantified the students on TOPS who had earned a baccalaureate within six (for the 2001 cohort) or seven (for the 2000 cohort) years.

Table 9: TOPS Completers

Freshman Year	TOPS Cohort (Public)	Award Status (Full 8-Semester Program)		By 2007-08	
				Earned Bach Degree	No Bach Degree
2000	11,137	Kept TOPS	5753	5362	391
		Lost TOPS	5384	1892	3492
2001	11,605	Kept TOPS	5,981	5446	535
		Lost TOPS	5,624	1666	3,958

The data in Table 9 show that, for both of the freshman cohorts, almost two-thirds of the students who started college with TOPS awards in 2000 or 2001 have graduated, whether or

not they managed to keep the award for all eight semesters, and 93% of those who kept TOPS all four years have graduated with a bachelor's degree.

Whether or not students retain the TOPS award, those who begin college on TOPS complete a degree at a faster rate, as a group, than those who do not.

## **SUMMARY**

The purposes of the reporting requirements of ACT 1202 are to provide accurate data and statistics relative to the impact of TOPS on the state and students as well as for policy analysis and program evaluation. The TOPS reporting model developed by Regents serves the state by providing accurate data for policy analysis and the basis for future decisions regarding the TOPS program in Louisiana.

A review of the data presented in this report indicates that the TOPS program is meeting the generally accepted purposes for which it was developed:

- Students who take the core curriculum score significantly better on the ACT;
- More students in the recent graduating class took the core and more have been determined eligible for TOPS by LOSFA;
- The number of first time freshmen with TOPS enrolling in public postsecondary education has increased;
- A larger number of students with higher ACT scores are remaining in Louisiana to attend college;
- Students receiving a TOPS award persist in college at a higher rate than non-TOPS students; and
- More students with TOPS graduate from college in a shorter period of time than non-TOPS students.

# Act 1202

ENROLLED

Regular Session, 2001  
HOUSE BILL NO. 2012  
BY REPRESENTATIVE DANIEL  
AN ACT

To enact R.S. 17:3048.3 and 3048.4, relative to the Tuition Opportunity Program for Students; to provide for the establishment and implementation of a uniform information reporting system; to provide for applicability; to provide relative to compliance with reporting system requirements by colleges and universities, including requiring compliance as a condition of eligibility to receive certain payments by the state; to require that the reporting system include certain components; to provide for certain notifications to parents and others about program availability; and to provide for related matters. Be it enacted by the Legislature of Louisiana:

Section 1. R.S. 17:3048.3 and 3048.4 are hereby enacted to read as follows:

§3048.3. Program information reporting system; implementation; requirements; applicability; participation by eligible institutions and others

A.(1) The Board of Regents shall formulate, develop, establish, and implement a uniform Tuition Opportunity Program for Students information reporting system for the purposes of policy analysis and program evaluation and for providing accurate data and statistics to the legislature, the governor and appropriate executive branch agencies, and the public relative to the program's impact on the state and on students.

(2) In formulating and developing the information reporting system, the Board of Regents shall consult with and seek written recommendations from the Louisiana Student Financial Assistance Commission, each college or university eligible for participation in the Tuition Opportunity Program for Students, each of the public postsecondary education management boards, the Louisiana Association of Independent Colleges and Universities, legislators, and knowledgeable others as determined appropriate by the Board of Regents.

(3) It is the intention of the legislature that the reporting system provided by this Section and the requirements thereof shall be applicable to all Tuition Opportunity Program for Students applicants, all award recipients regardless of eligible college or university attended, and all such eligible colleges and universities. Effective for the 2002- 2003 award year and thereafter, compliance with the requirements of the Tuition Opportunity Program for Students information reporting system shall be a condition for an eligible college or university to remain eligible to receive payments from the state on behalf of an award recipient. Compliance determinations shall be made annually by the Board of Regents.

B. The Tuition Opportunity Program for Students information reporting system shall include but not be limited to the following:

(1) A report prepared as of the end of the Fall semester and again as of the end of the Spring semester or equivalent periods of time during each academic year relative to the rate of retention of program awards by students as they progress from semester to semester or other equivalent periods of time as may be applicable once enrolled at an eligible college or university. The data shall be reported by institution attended, by the two digit classification of instructional program, and by program award category and shall include the percent of students losing program eligibility due to not earning the minimum number of credit hours, the percent of students losing program eligibility due to not having the required cumulative grade point average, and the percent of students losing program eligibility for failing to make steady academic progress.

(2) The persistence rates at colleges and universities of freshmen, sophomore, junior, and senior students receiving a program award reported by award category and by award year.

(3) The graduation rates or rates of completion of the chosen postsecondary education program if otherwise applicable for students receiving a program award, reported by award category and award

year, including for those graduating with an academic degree at the baccalaureate level the rate for persons graduating within four years, within five years, and within six years, respectively.

(4) The mean length of time required for a student receiving a program award to graduate with an academic degree at the baccalaureate level or to complete the chosen postsecondary education program if otherwise applicable with such information being reported by award category and by award year.

(5) An annual report on the number of applicants as well as the percent of high school graduates by high school and by parish who apply for a program award, by award category, and the percent of those students who subsequently enroll in a college or university.

(6) Statistical studies on the relationship between the courses taken and grades earned by a high school student and the student's score on the American College Test or the Scholastic Aptitude Test. Relative to public high schools, such statistical studies shall use student course and grade data that is otherwise available from the schools and such studies shall be conducted at no additional cost to the governing authority of any public high school.

C. When necessary due to limitations in existing secondary data sources and systems, the Board of Regents, consistent with the general provisions of this Section, may modify any specific requirement of this Section. However, prior to making any such modifications the board shall report in writing to the House Committee on Education and the Senate Committee on Education on the proposed action and the board shall have received approval from each committee relative to the proposed action.

#### §3048.4. Notice to students and parents

The State Board of Elementary and Secondary Education shall require that the governing authority of every public secondary school include as a component of a student's Five Year Educational Plan as required by R.S. 17:183.2 comprehensive information relative to the Tuition Opportunity Program for Students and program eligibility requirements for each of the awards. Additionally, the parent or other person responsible for the student's school attendance at the ninth grade level shall be required to return to the school at the start of the student's ninth grade year a signed notice that the program information and eligibility requirements have been reviewed by the parent or other responsible person and by the student and that, for informational and data collection purposes only, expresses the intent of the parent or other responsible person as to whether or not the student will be pursuing the necessary program of studies to be eligible for a Tuition Opportunity Program for Students award.

Section 2. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided in Article III, Section 18 of the Constitution of Louisiana. If vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

SPEAKER OF THE HOUSE OF REPRESENTATIVES  
PRESIDENT OF THE SENATE  
GOVERNOR OF THE STATE OF LOUISIANA  
APPROVED:

Notes:  
150% normal time to baccalaureate degree = six (6) years, Associate degree = three (3) years.  
Graduation rate status - Baccalaureate: Incomplete ; Associate: Complete  
Retention/Persistence/Graduation rates include all public Two-Year and Four-Year Institutions.

Notes:

1) Institutions impacted by the Hurricanes\*:

Due to the effects of Hurricanes Katrina or Rita, the following institutions were either closed, relocated, or significantly curtailed their operations for the fall 2005 semester:

- Delgado Community College
- Louisiana Technical College - 5 campuses: Jefferson, Sidney Collier, Slidell, Sullivan, and West Jefferson
- Nunez Community College
- Southern University New Orleans
- SOWELA Technical Community College
- University of New Orleans

\*Although impacted, since they were successful in reopening and offering a full fall term, LSU Health Sciences Center - New Orleans and McNeese State University were able to participate in the reporting requirements.

2) Fall 2005 reporting requirements:

These impacted institutions were excused from the following Board of Regents fall 2005 reporting requirements:

- Preliminary Enrollment Survey
- Student Credit Hour Reporting System
- Statewide Student Profile System
- Facilities Inventory and Utilization System

3) Caution to users of Regents' published reports:

Data from the impacted institutions will be excluded in the production reports developed from data reported in these reporting systems and published on the Board of Regents' website. Users of these reports are cautioned that totals reported at system, two-year or four-year, and state levels will not include these impacted institutions, and should, therefore, not be used to compare historical data at those same levels. Caution should also be used when comparing fall data reported by: 1) the two institutions impacted by the Hurricanes but able to report fall data - LSU Health Sciences Center - New Orleans and McNeese State University and 2) the non-impacted institutions that enrolled displaced students (approximately 10,000 statewide).

4) Long-range impacts of Fall 2005-06 reporting cycle:

The effects of the Hurricanes will have a multi-year impact on the ability of the Board of Regents to produce analysis and reports using data submitted for Fall 2005-06. Notices will be posted to subsequent published reports explaining how the data will be reported and cautioning users to be careful when comparing historical data.
