

LOUISIANA BOARD OF REGENTS

2002-2003 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS

CENTENARY COLLEGE

Message from the Commissioner:

We in the Louisiana education community are pleased to offer the following reports on Louisiana's public and private university teacher education programs. These reports are an integral component of our continuing efforts to inform Louisiana's citizens about the quality of our teacher preparation programs. Last year, the first factor used in our accountability program was released – student passage rates on the teacher certification examination (PRAXIS). This year, as promised, the formula has been expanded to make the scores an even more meaningful catalyst for continued reform. For 2002-2003, the scores have been calculated using a weighted formula that takes into account each institution's regular and alternate certification completer rate (with extra points for completers who meet definitions for identified shortage areas), the PRAXIS examination passage rate, and the score on a survey measuring completer satisfaction. Teacher preparation accountability is just one of the many benefits Louisiana is reaping from partnerships that have been created between universities and school districts to recruit, prepare, and retain teachers. Our goal is to provide every child in Louisiana caring and qualified teachers in every class every year – to ensure that truly no child is left behind.

E. Joseph Savoie
Commissioner of Higher Education

Mission of University

Centenary is a selective liberal arts college offering programs in the arts, humanities, natural sciences, and social sciences, which strengthen the foundation for students' personal lives and career goals. Students and faculty work together to build a community focused on ethical and intellectual development, respect and concern for human and spiritual values, and the joy of creativity and discovery.

Consistent with its affiliation with the United Methodist Church, the College encourages a lifelong dedication not only to learning but also to serving others. It strives to overcome ignorance and intolerance; to examine ideas critically; to provide an understanding of the forces that have influenced the past, drive the present, and shape the future; and to cultivate integrity, intellectual and moral courage, responsibility, fairness, and compassion.

Mission of University (Cont'd)

In pursuit of these ideals, the College challenges its students throughout their education to write and speak clearly; to read, listen, and think critically; to comprehend, interpret, and synthesize ideas; to analyze information qualitatively and quantitatively; to appreciate the diversity of human cultures; to respect the value of artistic expression; and to recognize the importance of a healthy mind and body and the interdependence of people and the environment.

Academic and co-curricular programs, as well as the example of those who teach and work at Centenary, support students in their development and encourage them to become leaders in the work place, the community, the nation, and the world at large.

Student Characteristics of University

During Fall 2001, Centenary College of Louisiana had a total enrollment of 897 undergraduate and 141 graduate students. A total of 396 students were males and 642 were females. The majority of the undergraduates were from Louisiana with a total of 554 in-state students, 312 out-of-state students, and 31 foreign students. Among students enrolled in the undergraduate program, 56 were black, 763 were white, and 47 were other races. Among students enrolled in the graduate program 31 were black, 103 were white, and 7 were other races.

Accreditation and Approval of Teacher Preparation Program

Centenary College of Louisiana is accredited by the Southern Association of Colleges and Schools (SACS). All of the university's teacher preparation programs are approved by the Louisiana Department of Education.

Notable Features and Accomplishments of Teacher Preparation Program

- Centenary College of Louisiana is moving forward with pursuit of NCATE accreditation, planning on the site visit to occur in Fall 2005.
- Centenary's student teachers begin their experience on the first day of class for the college and end it on the last day of class, 8 hours each day for 15 weeks

Notable Features and Accomplishments of Teacher Preparation Program (Cont'd)

with a total of 600 hours of student teaching. Although the minimum number of total hours of student teaching required is 180, our students spend more than twice the minimum number of hours in the classroom and teaching.

- Because Centenary's student teachers have spent many hours in the classroom with full responsibility for teaching individual lessons prior to student teaching, they are very comfortable at the onset of student teaching. With their extensive and successful experience in the classroom during student teaching, it is not unusual for them to be hired as full time teachers in the same schools in which they student taught.
- Centenary is now approaching the end of two successful years of working with E.B. Williams Stoner Hill Elementary Professional Development School. All elementary methods classes are taught at Stoner Hill. Dr. Naomi Coyle, Centenary's PK-16+ Coordinator, has worked closely with Mr. Charles Lowder, Principal of Stoner Hill, and all teachers and staff to create a wonderful environment for Centenary's faculty and students to interact with Stoner Hill's faculty and students. Centenary has recently added a second Professional Development School: Youree Drive Middle PDS. Youree Drive's principal, Ms. Jan Holliday, was recently named Louisiana's Middle School Principal of the Year. All of Centenary's 2002-2003 student teachers have taught at these two PDS schools. We anticipate the addition of C.E. Byrd High PDS School in Fall 2003.
- Centenary's PK-16+ Council is very active and currently working on the redesigning of the advanced degree curriculum and the creation of a teacher cadet program to attract high school students to the teaching profession.
- Centenary recently received a \$5000 reward from the Board of Regents for its high passage rate on the PRAXIS examinations, earning a grade of "A" for the first phase of Louisiana's Teacher Preparation Accountability System.

LOUISIANA BOARD OF REGENTS 2002-2003 TEACHER PREPARATION ACCOUNTABILITY SYSTEM

CENTENARY COLLEGE OF LOUISIANA

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the state. During the first phase (2001-2002) of the accountability system, the performance of regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During the second phase (2002-2003), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' examination (PRAXIS) and ratings by regular program completers of their satisfaction of their teacher preparation programs) are being assessed. In the future, additional factors will be assessed to examine such areas as: ratings of programs by first year teachers' mentors; retention of teachers after three years of teaching; and university-district partnerships. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in the state are working diligently to produce quality teachers who work effectively with PK-12 students.

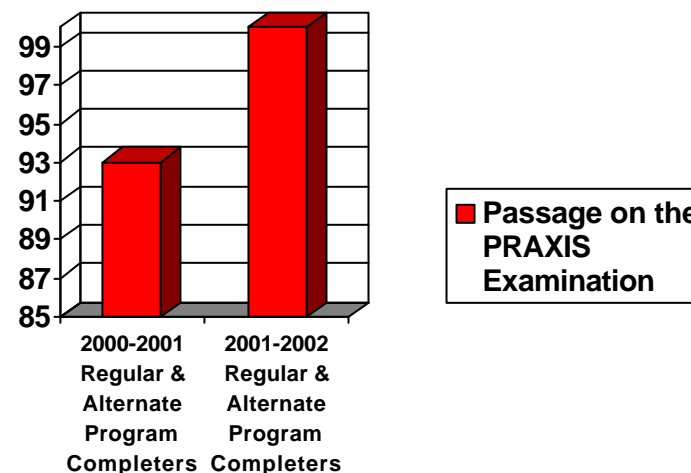

I. INSTITUTIONAL PERFORMANCE INDEX

A. Grade Performance of 2001-2002 Regular and Alternate Certification Program Completers on Certification Index (Percentage of students who passed the PRAXIS Examination)

Grade: A+
PRAXIS Passage Rate: 100.0%
Scaled Score: 136

This is a difference of **+7.0%** when compared to the **93%** passage rate of 2000-2001 regular and alternate certification program completers on the PRAXIS examinations.

The following scale was used to determine passage rate grades: A+ = 98-100% Passage Rate; A = 92-97% Passage Rate; B = 86-91% Passage Rate; C = 80-85% Passage Rate; Below C = Below 80% Passage Rate. See Appendix A for a breakdown of scores.

See Appendix C for a breakdown of scores.

III. TEACHER PREPARATION PERFORMANCE SCORE AND LABEL

A. Teacher Preparation Performance Score = Institutional Performance Index + Quantity Index / 2

$$\{([\text{Certification Scaled Score} * .875] + [\text{Graduate Satisfactory Scaled Score} * .125]) + \text{Quantity Scale Score}\} / 2$$

Institutional Performance Score = 136 Quantity = 97

$$\{136 + 97\} / 2$$

$$233.00/2$$

116.50

Note: The Graduate Satisfaction Survey has been given a weight of .125 instead of .25 due to the fact that only the regular program completers were surveyed. During the 2003-2004 accountability cycle, it will have a weight of .25 once it is administered to both regular and alternate program completers.

Note: The Institutional Performance Index is computed using only PRAXIS passage rate data for institutions with fewer than 10 survey respondents.

Note: Formula A was used to calculate the Teacher Preparation Performance Score.

ENTRY REQUIREMENTS FOR TEACHER PREPARATION PROGRAMS

All regular and alternate certification students must pass the following PRAXIS subtests to be formally admitted to a teacher preparation program at a college or university in Louisiana. Regular students are those who are completing a program of study to graduate with a baccalaureate degree in education. Alternate certification students are those who already possess a baccalaureate degree outside of education and are completing an alternate certification program to become certified to teach.

Type of Assessment: **Basic Skills**

- (1) Communications Skills and General Knowledge **OR**
- (2) Reading, Writing, and Mathematics

State law requires all students to take all required PRAXIS subtests prior to graduation, but it does not require students to pass the subtests. Individual institutions have developed their own policies that require students to pass the PRAXIS subtests to graduate.

TEACHER CERTIFICATION REQUIREMENTS IN LOUISIANA

To be certified to teach in Louisiana, individuals must complete an approved teacher preparation program, possess a 2.5 grade point average, pass the Basic Skills subtests, and pass PRAXIS subtests in the following areas:

Type of Assessment: **Professional Knowledge**

- (1) Professional Knowledge **OR**
- (2) Principles of Learning & Teaching K-6 **OR**
- (3) Principles of Learning & Teaching 7-12

AND

Type of Assessment: **Academic Content Areas** The subtests vary according to the areas of certification.

REQUIREMENTS OF THE HIGHER EDUCATION ACT OF 1998

The Higher Education Act of 1998 requires all institutions in the United States with teacher preparation programs to issue institutional reports on a yearly basis which contain information specified by the U.S. Department of Education. In addition, the Act requires institutions to provide the public with specific information pertaining to the passage rates of regular program completers on individual subtests. The following pages contain a report developed by the Educational Testing Service to provide a breakdown of program completer performance on individual subtests. A similar report is currently being developed by the Educational Testing Service regarding the performance of 2001-2002 alternate certification program completers on individual subtests. Once the report is received, it will be placed on the Board of Regents web site (<http://www.regents.state.la.us>).

GRADUATE SATISFACTION SURVEY

CENTENARY COLLEGE

INTRODUCTION

To assist the State in collecting data from first year teachers about their preparation for teaching, the Louisiana Department of Education sent surveys to the 807 regular program completers of the 2001-2002 academic year who began teaching during fall 2002. One thousand seven hundred and seventy-six individuals completed regular teacher preparation programs in public and private universities in Louisiana between July 1, 2001 and June 30, 2002. Of those 1,776 individuals, it was determined that 592 were not teaching in public schools in Louisiana, 377 began teaching in Louisiana's public schools during spring 2002 or spring 2003, and 807 began teaching in Louisiana's public schools during fall 2002. The survey instrument was sent to all of these 807 teachers. Ninety-two percent ($n = 741$) of the 807 teachers responded to the survey. Additional follow-up is currently in progress to obtain responses from the remaining 8% ($n = 66$).

The survey was developed by a committee composed of university, district, Louisiana Department of Education, and Board of Regents personnel. It was the committee's decision to align all survey questions with state standards for teachers (e.g., Louisiana's Components of Effective Teaching). Teachers were required to respond to 35 statements using a 4-point scale (i.e., Strongly Disagree = 1, Disagree = 2, Agree = 3, and Strongly Agree = 4). Each item is scored on this 1 to 4 scale, and the scores for the 35 items are added together for a total survey score. If a respondent answers each question, the minimum possible score is 35, and the maximum possible score is 140. A deadline for responding was provided to teachers. A second survey was sent to teachers who did not respond by the deadline.

The Board of Regents approved a policy during March 2003 to use survey scores during a given year as part of the Teacher Preparation Accountability System only if 10 or more individuals from a university or college responded to the survey. For institutions with fewer than 10 survey responses, data from consecutive years will be combined until a total of 10 or more surveys are available.

GRADUATE SATISFACTION GRADES

Grades were assigned to institutions for the Teacher Preparation Accountability System based upon overall mean scores. The following scale was used to assign grades:

A+	128 and above
A	117.0-127.9
B	107.0- 116.9
C	93.0 – 106.9
Below C	Below 93.0

OVERALL SURVEY RESULTS

The overall results for the survey were the following:

N	Mean	Minimum	Maximum	Standard Deviation
741	115.8	38	140	16.2

CENTENARY COLLEGE SURVEY RESULTS

N	Mean	Minimum	Maximum	Standard Deviation
1				

Less than 10 2001-2002 program completers responded to the survey. Therefore, survey results were not used to calculate the 2002-2003 Institutional Performance Score. Once 10 or more students have responded over consecutive years, survey results will be integrated into the accountability system.

APPENDIX C

2002-2003 CALCULATION OF QUANTITY INDEX CENTENARY COLLEGE OF LOUISIANA

BASELINE SCORE

A Baseline Score has been established for each individual teacher preparation program in Louisiana. The Baseline Score is the total number of regular and alternate program completers that completed teacher preparation programs between the dates of July 1, 2000 – June 30, 2001. The Baseline Score for this university is: **14**.

QUANTITY SCORE

A. 2001-2002 PROGRAM COMPLETERS

One-point is assigned to every regular and alternate program completer that completed teacher preparation programs between the dates of July 1, 2001 – June 30, 2002. The total number of regular and alternate program completers for this university is: **13**.

B. BONUS POINTS

In addition, one-half a point is assigned to every 2001-2002 regular and alternate program completer that met the criteria for each of the following teacher shortage areas. The bonus points for this institution are: **1.5**.

Teacher Shortage Areas		# Regular Program Completers	# Alternate Program Completers	Bonus Points
MINORITIES		0	0	0
MATHEMATICS		0	0	0
SCIENCE	General	0	1	1

HIGH NEED PARISHES – TEACHER PLACEMENT (Parishes: Assumption, East Feliciana, Madison, St. Helena, & Red River)		0	0	0
TOTAL		1	2	3 * .5 = 1.5

C. QUANTITY

Quantity Score = **13** (Program Completers) + **1.5** (Bonus Points) = **14.5**

The **+3.6%** difference between the Quantity Score (**14.5**) and Baseline Score (**14**) converts to a scaled score of **97**. The grade is **B**.
