

LOUISIANA BOARD OF REGENTS 2002-2003 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS

SOUTHEASTERN LOUISIANA UNIVERSITY

Message from the Commissioner:

We in the Louisiana education community are pleased to offer the following reports on Louisiana's public and private university teacher education programs. These reports are an integral component of our continuing efforts to inform Louisiana's citizens about the quality of our teacher preparation programs. Last year, the first factor used in our accountability program was released – student passage rates on the teacher certification examination (PRAXIS). This year, as promised, the formula has been expanded to make the scores an even more meaningful catalyst for continued reform. For 2002-2003, the scores have been calculated using a weighted formula that takes into account each institution's regular and alternate certification completer rate (with extra points for completers who meet definitions for identified shortage areas), the PRAXIS examination passage rate, and the score on a survey measuring completer satisfaction. Teacher preparation accountability is just one of the many benefits Louisiana is reaping from partnerships that have been created between universities and school districts to recruit, prepare, and retain teachers. Our goal is to provide every child in Louisiana caring and qualified teachers in every class every year – to ensure that truly no child is left behind.

E. Joseph Savoie
Commissioner of Higher Education

Mission of University

The mission of Southeastern Louisiana University is to lead the educational, economic, and cultural development of southeast Louisiana.

Student Characteristics of University

During Fall 2001, Southeastern Louisiana University had a total enrollment of 12,920 undergraduate and 1,615 graduate students. A total of 5,158 students were males and 9,377 were females. The majority of the students were from Louisiana with a total of 14,137 in-state students, 225 out-of-state students, and 173 foreign students. Among students enrolled in the undergraduate program, 1,761 were black, 10,666 were white, and 493 were other races. Among students enrolled in the graduate program, 205 were black, 1,306 were white, and 104 were other races.

Accreditation and Approval of Teacher Preparation Program

Southeastern Louisiana University is accredited by the Southern Association of Colleges and Schools (SACS) and by the National Council for the Accreditation of Teacher Education (NCATE). All of the university's teacher preparation programs are approved by the Board of Regents and the Louisiana Department of Education.

Notable Features and Accomplishments of Teacher Preparation Program

- Southeastern was the first university in Louisiana to have its teacher education program reaccruited under the newly revised standards of the National Council for the Accreditation of Teacher Education (NCATE – 2000).
- Southeastern was the first school in the State and one of the first in the nation to institute a “teacher guarantee” program ensuring that its education graduates know their subject matter, can teach to a diverse student population, and can infuse technology throughout the curriculum. After three years, Southeastern has not had to retrain any of its graduates.
- For more than 25 years, Southeastern education students have been required to gain extensive classroom experience in area schools prior to even beginning their student teaching. All College of Education and Human Development students participate in group screening interviews to assess potential for success in the teaching profession.
- Southeastern entered into an agreement with Ponchatoula High School and Ponchatoula Junior High School to make those two schools our third and fourth Professional Development Schools (PDS). Midway Elementary in Hammond and Hammond Westside were the first two PDS schools formed. University teacher education faculty teach education courses at the PDS sites, and the university faculty and the PDS faculty work together to provide longer and more intense teaching experiences for selected students.
- Southeastern has entered into a partnership with St. Helena Parish Public Schools to help raise the academic achievement of parish school children by offering faculty development course work for SHP faculty in the afternoons at

Notable Features and Accomplishments of Teacher Preparation Program (Cont'd)

the school board office in Greensburg. Southeastern is also developing a plan to utilize the St. Helena Parish Schools as off campus sites for methods classes in 2003-2004.

- Louisiana State University and Southeastern received a Board of Regents CITAL project grant of \$150,000 to redesign both institutions' elementary 4-8 certification programs to prepare highly qualified mathematics and science teachers. They are partnering with Livingston, East Baton Rouge, and Tangipahoa Parish Public School Systems.
- Southeastern sponsors the Teachers Scholars Program, which provides intensive mentoring and an accelerated master's degree for new, first-year teachers. The results: after six years, 97% of those teachers are still in the classroom.
- Southeastern replaced its non-degree alternative certification program with a master's degree: (Masters of Arts in Teaching – MAT). The MAT program currently has more than 400 students enrolled. Supported by a \$1.8 million Congressional appropriation, the MAT is also being offered throughout the nation via the Internet. The Internet MAT degree was one of the first complete teacher education degrees to be offered on-line. Currently, students from eight states are enrolled in Southeastern's Internet MAT degree program.
- Southeastern received a \$1.23 million federal grant to recruit and certify teachers in English as a Second Language to meet the needs of schools in the following parishes: Tangipahoa, Livingston, East Baton Rouge, and Lafayette.
- For the third straight year, the Southeastern Laboratory School has been noted as a "School of Academic Distinction" among all elementary schools in the state.

Teacher Preparation Program Data

The following data have been provided about the teacher preparation program.

**LOUISIANA BOARD OF REGENTS
2002-2003 TEACHER PREPARATION ACCOUNTABILITY SYSTEM**

SOUTHEASTERN LOUISIANA UNIVERSITY

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the state. During the first phase (2001-2002) of the accountability system, the performance of regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During the second phase (2002-2003), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' examination (PRAXIS) and ratings by teachers of their satisfaction of their teacher preparation programs) are being assessed. In the future, additional factors will be assessed to examine such areas as: ratings of programs by first year teachers' mentors; retention of teachers after three years of teaching; and university-district partnerships. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in the state are working diligently to produce quality teachers who work effectively with PK-12 students.

I. INSTITUTIONAL PERFORMANCE INDEX

**A. Grade Performance of 2001-2002 Regular and Alternate Certification Program Completers on Certification Index
(Percentage of students who passed the PRAXIS Examination)**

Grade: A
PRAXIS Passage Rate: 94%
Scaled Score: 111

This is a difference of +2% when compared to the 92% passage rate of 2000-2001 regular and alternate certification program completers on the PRAXIS examinations.

The following scale was used to determine passage rate grades: A+ = 98-100% Passage Rate; A = 92-97% Passage Rate; B = 86-91% Passage Rate; C = 80-85% Passage Rate; Below C = Below 80% Passage Rate. See Appendix A for a breakdown of scores.

I. INSTITUTIONAL PERFORMANCE INDEX (continued)

B. Grade for Ratings of 2001-2002 Program Completers on Graduate Satisfaction Survey

Grade: A
Mean Score of Survey
Respondents: 121.7
Total number of Survey Respondents: 116
Scaled Score: 112

The following scale was used to determine grades for mean responses on surveys: A+ = Mean 128 & above; A = Mean 117.0 – 127.9; B = 107.0 – 116.9; C = Mean 93.0 – 106.9; Below C = Mean Below 93.0. See Appendix B for a breakdown of scores. Scaled scores are not assigned for institutions with fewer than 10 survey respondents.

II. QUANTITY INDEX

Grade for Quantity Score

Grade: A
Quantity Score: 293.5
Baseline Score: 279
Percentage of Difference: 5.2%
Scaled Score: 100

The following scale was used to determine quantity grades based upon percentage of difference between the 2001-2002 Quantity Score and Baseline Score: A+ = +15% and above difference; A = +5% to +14% difference; B = -3% to +4% difference; C = -4 to -15% difference; and Below C = -16% and greater difference. See Appendix C for a breakdown of scores.

III. TEACHER PREPARATION PERFORMANCE SCORE AND LABEL

A. **Teacher Preparation Performance Score** = Institutional Performance Index + Quantity Index / 2

$$\{([\text{Certification Scaled Score} * .875] + [\text{Graduate Satisfactory Scaled Score} * .125]) + \text{Quantity Scale Score}\} / 2$$
$$\{([111 * .875] + [112 * .125]) + 100\} / 2$$
$$([97.125 + 15.2125] + 100) / 2$$
$$(111.13 + 100) / 2$$
$$211.13/2$$

105.56

Note: The Graduate Satisfaction Survey has been given a weight of .125 instead of .25 due to the fact that only the regular program completers were surveyed. During the 2003-2004 accountability cycle, it will have a weight of .25 once it is administered to both regular and alternate program completers.

Note: The Institutional Performance Index is computed using only PRAXIS passage rate data for institutions with fewer than 10 survey respondents.

Note: Formula A was used to calculate the Teacher Preparation Performance Score.

B. **Teacher Preparation Performance Label** = **High Performing Teacher Preparation Program**

APPENDIX A (CONT'D)

PRAXIS EXAMINATION PASSAGE RATE REPORTS FOR INDIVIDUAL SUBTESTS 2001-2002 REGULAR PROGRAM COMPLETERS

ENTRY REQUIREMENTS FOR TEACHER PREPARATION PROGRAMS

All regular and alternate certification students must pass the following PRAXIS subtests to be formally admitted to a teacher preparation program at a college or university in Louisiana. Regular students are those who are completing a program of study to graduate with a baccalaureate degree in education. Alternate certification students are those who already possess a baccalaureate degree outside of education and are completing an alternate certification program to become certified to teach.

Type of Assessment: **Basic Skills**

- (1) Communications Skills and General Knowledge **OR**
- (2) Reading, Writing, and Mathematics

State law requires all students to take all required PRAXIS subtests prior to graduation, but it does not require students to pass the subtests. Individual institutions have developed their own policies that require students to pass the PRAXIS subtests to graduate.

TEACHER CERTIFICATION REQUIREMENTS IN LOUISIANA

To be certified to teach in Louisiana, individuals must complete an approved teacher preparation program, possess a 2.5 grade point average, pass the Basic Skills subtests, and pass PRAXIS subtests in the following areas:

Type of Assessment: **Professional Knowledge**

- (1) Professional Knowledge **OR**
- (2) Principles of Learning & Teaching K-6 **OR**
- (3) Principles of Learning & Teaching 7-12

AND

Type of Assessment: **Academic Content Areas** The subtests vary according to the areas of certification.

REQUIREMENTS OF THE HIGHER EDUCATION ACT OF 1998

The Higher Education Act of 1998 requires all institutions in the United States with teacher preparation programs to issue institutional reports on a yearly basis which contain information specified by the U.S. Department of Education. In addition, the Act requires institutions to provide the public with specific information pertaining to the passage rates of regular program completers on individual subtests. The following pages contain a report developed by the Educational Testing Service to provide a breakdown of program completer performance on individual subtests. A similar report is currently being developed by the Educational Testing Service regarding the performance of 2001-2002 alternate certification program completers on individual subtests. Once the report is received, it will be placed on the Board of Regents web site (<http://www.regents.state.la.us>).

GRADUATE SATISFACTION SURVEY

SOUTHEASTERN LOUISIANA UNIVERSITY

INTRODUCTION

To assist the State in collecting data from first year teachers about their preparation for teaching, the Louisiana Department of Education sent surveys to the 807 regular program completers of the 2001-2002 academic year who began teaching during fall 2002. One thousand seven hundred and seventy-six individuals completed regular teacher preparation programs in public and private universities in Louisiana between July 1, 2001 and June 30, 2002. Of those 1,776 individuals, it was determined that 592 were not teaching in public schools in Louisiana, 377 began teaching in Louisiana's public schools during spring 2002 or spring 2003, and 807 began teaching in Louisiana's public schools during fall 2002. The survey instrument was sent to all of these 807 teachers. Ninety-two percent ($n = 741$) of the 807 teachers responded to the survey. Additional follow-up is currently in progress to obtain responses from the remaining 8% ($n = 66$).

The survey was developed by a committee composed of university, district, Louisiana Department of Education, and Board of Regents personnel. It was the committee's decision to align all survey questions with state standards for teachers (e.g., Louisiana's Components of Effective Teaching). Teachers were required to respond to 35 statements using a 4-point scale (i.e., Strongly Disagree = 1, Disagree = 2, Agree = 3, and Strongly Agree = 4). Each item is scored on this 1 to 4 scale, and the scores for the 35 items are added together for a total survey score. If a respondent answers each question, the minimum possible score is 35, and the maximum possible score is 140. A deadline for responding was provided to teachers. A second survey was sent to teachers who did not respond by the deadline.

The Board of Regents approved a policy during March 2003 to use survey scores during a given year as part of the Teacher Preparation Accountability System only if 10 or more individuals from a university or college responded to the survey. For institutions with fewer than 10 survey responses, data from consecutive years will be combined until a total of 10 or more surveys are available.

GRADUATE SATISFACTION GRADES

Grades were assigned to institutions for the Teacher Preparation Accountability System based upon overall mean scores. The following scale was used to assign grades:

A+	128 and above
A	117.0-127.9
B	107.0- 116.9
C	93.0 – 106.9
Below C	Below 93.0

APPENDIX C

2002-2003 CALCULATION OF QUANTITY INDEX

SOUTHEASTERN LOUISIANA UNIVERSITY

BASELINE SCORE

A Baseline Score has been established for each individual teacher preparation program in Louisiana. The Baseline Score is the total number of regular and alternate program completers that completed teacher preparation programs between the dates of July 1, 2000 – June 30, 2001. The Baseline Score for this university is: **279**.

QUANTITY SCORE

A. 2001-2002 PROGRAM COMPLETERS

One-point is assigned to every regular and alternate program completer that completed teacher preparation programs between the dates of July 1, 2001 – June 30, 2002. The total number of regular and alternate program completers for this university is: **268**.

B. BONUS POINTS

In addition, one-half a point is assigned to every 2001-2002 regular and alternate program completer that met the criteria for each of the following teacher shortage areas. The bonus points for this institution are: **25.5**.

Teacher Shortage Areas		# Regular Program Completers	# Alternate Program Completers	Bonus Points
MINORITIES		11	3	14
MATHEMATICS		4	2	6
SCIENCE	General	3	0	3

HIGH NEED PARISHES – TEACHER PLACEMENT (Parishes: Assumption, East Feliciana, Madison, St. Helena, & Red River)		0	0	0
TOTAL		36	15	51 * .5 = 25.5

C. QUANTITY

Quantity Score = **268** (Program Completers) + **25.5** (Bonus Points) = **293.5**.

The **+5.2%** difference between the Quantity Score (**268**) and Baseline Score (**279**) converts to a scaled score of **100**. The grade is **A**.
