The Louisiana Board of Regents announces the search for the 8th Commissioner for Higher Education

Baton Rouge, LA- The Louisiana Board of Regents has officially launched its national search for the next Commissioner of Higher Education. This individual will lead the Regents' efforts to coordinate the state's four systems of higher education, ultimately to strengthen the educational landscape of our state. The new Commissioner will balance and promote the Board of Regents' oversight of interconnected missions in P-20 education, research, and public service.

An 8-member search committee has been appointed, and is charged with finding the best qualified individual to lead Louisiana higher education.

"It is very important that the next commissioner understands the complexities of higher education in our state," said Regents Chairman, W. Clinton Rasberry, Jr. "This individual must be a strong leader and a visionary with capabilities to effectively lead us into the future. With the help of AGB Search, I am confident that the committee will find the best and brightest candidates to recommend to our Board."

Information about the search and notice of meetings will be posted on the Commissioner's Search [webpage](#). This includes a list of search committee members, the timeline, and other resources. Search committee meetings are open to the public and stakeholders are invited to attend. For more information on AGB Search or to apply visit <http://agbsearch.com/>. Nominations and Letters of Interest are to be emailed to louisiana@agbsearch.com by August 8, 2014.
