

BOARD OF REGENTS
ACADEMIC AND STUDENT AFFAIRS
Larry Tremblay
Acting Deputy Commissioner

SECTION:

Academic Affairs

TITLE OF INITIATIVE:

SREB Initiatives

BRIEF DESCRIPTION:

- Louisiana is one of the 16 member states in the regional compact called the Southern Regional Education Board (SREB).
- The SREB administers two separate access-type programs – the Academic Common Market (ACM) and the Regional Contract Program (RCP) – which allow residents of the respective state the opportunity to study in academic programs **not offered in the home state** at participating out-of-state institutions. Both programs afford discounted tuition rates. The ACM incorporates undergraduate and graduate programs, while the RCP focuses on doctoral-level, health-related degrees.
- The Division of Academic Affairs administers these two programs by:
 - Determining curricular offerings;
 - Responding to student requests; and
 - Certifying student eligibility.
