Legend: Coding

M= Maintain: no additional reporting required.

CM= Conditional Maintenance: will be reevaluated (2010-11; 2011-12), at which time the program must be at (or past) the threshold, meet its projections, or show significant progress in graduates. The 2-year review will use data regularly reported to BoR. CM programs require annual reporting of: enrollment, graduates, reasons to expect growth.

C= Consolidate: other programs will be terminated and added to this major, usually as a concentration.

C+T = Consolidate & Terminate: cancel the program on the CRIN to allow for the consolidation; add new program to CRIN as indicated.

T= Termination: program will be cancelled on the Curriculum Inventory.
